ACKNOWLEDGEMENTS

Many individuals provided valuable input in the development of this handbook. Appreciation is extended to the Financial Aid Committee who, with the cooperation of their respective school Principals and supervisors, spent countless hours dedicated to developing a handbook that can serve as a reference guide for school administrators, financial aid officers and the support personnel providing financial aid services to our students.

INTRODUCTION

The Financial Aid Handbook was developed to assist school-based administrators, financial aid officers, business managers, and the clerical staff who facilitate and provide financial aid services to students enrolled in selected post-secondary education programs at Title IV eligible schools in the district. The intent is to provide guidelines and procedures for the delivery of services to students in accordance to Federal, State and District policies and procedures. It is not all-inclusive since regulations and processes are continuously being revised and updated.

It also serves as a guide to establish uniformity and consistency for M-DCPS school sites through the provision of financial aid services to students enrolled in eligible Career Technical Education programs. Components of this Handbook can also be accessed at http://adulted.dadeschools.net

CHAPTER I

STUDENT FINANCIAL AID PROGRAM

Philosophy and Intent

The financial aid programs provided by Miami-Dade County Public Schools (M-DCPS) postsecondary educational centers make it feasible for students who would normally be deprived of a career/technical education, due to limited funds, to obtain the education they require. This is based upon the principle that a postsecondary education should not be a privilege reserved only for those who can afford it. Educational opportunities should also be made available to students of families with limited financial resources.

M-DCPS postsecondary educational centers subscribe to the following:

- The primary purpose of the financial aid program is to provide assistance to students who, without such aid, would be unable to attend school.

- Financial assistance could consist of Federal Financial Aid (Pell and FSEOG Grants), District Financial Aid Program (DFAP), Work Study Grants, Tuition Exemption, and scholarships which may be offered to students in a single form or in various combinations, called packaging.

- Financial assistance is meant to supplement the efforts of the student and/or the student's family. Both the student's family and the student are expected to make a maximum effort to assist with postsecondary educational expenses. This is referred to as Expected Family Contribution (EFC).

- The total amount of financial assistance offered to students shall be limited to the amount of the educational costs that are greater than all other resources available.

- In determining the amount of other available resources, the financial aid program shall take into account the financial support expected from income, assets, and other resources available to students and/or parents. All factors affecting the family's financial strength shall be considered, including other dependents, debts, and/or monetary obligations.
CHAPTER II

POLICIES, PROCEDURES AND RESOURCES

The following are policies, procedures, processes and links to websites that provide technical assistance and resources for financial aid officers, administrators, and school site personnel assigned to provide financial aid services to students. They comprise guidance, definitions and information related to the administration and processing of financial aid.

ACADEMIC YEAR

For financial aid purposes, the academic year is 900 clock hours in length or 36 weeks. These hours commence on the student's first day of attendance in an eligible career and technical education (CTE) program. The academic year is used to calculate Satisfactory Academic Progress (SAP) and schedule the disbursement of financial aid funds.

CENTRAL PROCESSING SYSTEM (CPS)

All schools must be able to exchange data with the CPS. Schools must be able to receive Institutional Student Information Records (ISIRs), from CPS, submit corrections to ISIR data to CPS, and add the federal school code to a student's record if needed. Schools may also choose to enter and submit a FAFSA on a student's behalf. Additional information on CPS can be accessed at https://fsawebenroll.ed.gov/.

CLERY ACT DISCLOSURE SECURITY POLICY

Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Section 485(f) of the HEA, Title 34 C.F.R 668) is a federal statute requiring Title IV Schools to comply with the following:

- Collect, classify, maintain and count crime reports and crime statistics.
- Issue timely warnings and emergency notifications to students and employees.
- Publish an annual security report with both statistics and policy statements, to include compliance with the Violence Against Women Act.
- Submit annual crime statistics to the U.S. Department of Education.
- Institutions with campus police or security departments must maintain a daily crime log.
- School crime statistics will be provided by the Miami-Dade Schools Police (MDSP).
- All HEA Title IV eligible schools must have their crime statistics posted on the schools' websites and make these reports available to students, employees and the community.
COMMON ORIGINATION AND DISBURSEMENT SYSTEM (COD)

The COD system is the U.S. Department of Education system for processing all award and disbursement data for participants who are awarded Pell Grants. It is a tool for processing and viewing Pell Grants, as well as for assisting schools with trouble-shooting and problem resolutions. The COD allows users to track the funding levels, dates, and amounts of all cash receipts and returns of cash. It provides users the ability to view Pell Grants and provides a report request function to assist schools in reconciling data between their institutions and the COD system, both throughout the processing year and in year-end closeout requirements. The COD web site can be accessed at https://cod.ed.gov/.

CONSTITUTION DAY

Institutions must comply with the “Consolidated Appropriations Act, 2005.” The law states that “each educational institution that receives Federal funds for a fiscal year shall hold an educational program to commemorate the United States Constitution on September 17 of such year for the students served by the educational institution.” The law requires that Constitution Day be held on September 17th of each year, commemorating the September 17, 1787 signing of the Constitution. However, when September 17th falls on a Saturday, Sunday, or holiday, Constitution Day is held during the preceding or following week.

CONSUMER INFORMATION

The Code of Federal Regulations (CFR) 668.41-49 requires postsecondary institutions to make certain information available to prospective and enrolled students/parents, prospective and current employees the general public and the U.S. Department of Education. Consumer disclosures should be posted on the school’s website which should include the following information which is not all-inclusive:

- Institutional and Financial Assistance Information for Students
- Clery Act/Campus Security Statistics.
- Code of Student Conduct
- Constitutional and Citizenship Day
- Drug and Alcohol Prevention Policy
- Gainful Employment
- Family Educational Rights and Privacy Act (FERPA)

Additional information on the Consumer Disclosure mandate can be obtained from Chapter 6 of the Federal Student Aid (FSA) Handbook and Chapter 4 of FSA Blue Book which can accessed at http://ifap.ed.gov/

CITIZENSHIP STATUS

A student must be one of the following to be eligible to receive federal student aid:

- A U.S. Citizen or national;
- A U.S. permanent resident or other eligible noncitizen; or
A citizen of the Freely Associated States: the Federated State of Micronesia, the Republic of Palau and the Marshall Islands. These students can only receive aid from select FSA programs.

To determine whether applicants are citizens, all applications are matched with Social Security records. If there is a complete match with the student’s Social Security number, name, date of birth, and U.S. citizenship, the CPS will determine the student to be a citizen. The Student Aid Record (SAR) and Institutional Student Information Record (ISIR) will have a match flag (but no comment), indicating that the student’s status has been confirmed.

If the applicant is a non-citizen and provides an alien registration number (A-number or ARN) on the FAFSA, the U.S. Department of Education will submit the records to the Department of Homeland Security, in order to check and verify noncitizen current immigration status.

A student’s citizenship status only needs to be checked once during the award year; if the status is eligible to receive the Pell Grant at the time, it remains so for the rest of the award year. For additional information on citizenship status and regulations, please review Volume 1, Chapter 2 of the FSA Handbook which can be accessed at http://www.ifap.ed.gov/

COST OF ATTENDANCE

The Cost of Attendance (COA) is an estimate of a student’s educational expenses. These could include tuition and fees, books, supplies, transportation, room and board, and if applicable, for dependent care. Costs related to disability may also be covered.

DRUG-FREE SCHOOLS AND COMMUNITIES ACT

The Drug-Free Schools and Communities Act Amendments of 1989 and the Drug Free Workplace Act of 1988 require all schools and institutions of higher education to adopt and implement a program to prevent the illicit use of drugs and the abuse of alcohol by students and employees on school property. Postsecondary institutions under the auspices of The School Board of Miami-Dade County, Florida, must adhere to federal, state and local laws as well as regulations governing illegal drugs and the abuse of drugs and alcohol.

The Drug-Free Schools and Communities Act Amendments of 1989 require an annual distribution in writing to each student (regardless of the length of the student’s program of study) and employee of the following:

- Standards of conduct that clearly prohibit the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees on its property or as part of any of its activities;
- A description of applicable legal sanctions under Federal, State and local laws;
- A description of the health risks associated with illicit drugs and the abuse of alcohol;
- A description of available drug or alcohol counseling, treatment, or rehabilitation or re-entry program; and
- A statement of the disciplinary sanctions that the institution will impose on students and employees.
EDCONNECT

Edconnect is a Windows-based File Transfer Protocol (FTP) program that enables users to send and receive Federal Student Aid (FSA) information electronically. Users collect data on their PCs or computer systems and transmit the collected data in batches over the Student Aid Internet Gateway (SAIG) using Edconnect. The appropriate Title IV Application System receives the data, processes the data, performs any required data base cross-referencing, and returns the processed data to the user’s SAIG mailbox, where it is downloaded to the user’s PC or system with Edconnect. Additional information and technical information guides can be found at https://www.fsadownload.ed.gov.

EDEXPRESS FOR WINDOWS

EdExpress is a financial aid management software package provided to Title IV financial aid administrators and officers by the U.S. Department of Education. With EdExpress, individuals can manage Title IV financial aid application data, package awards, and exchange origination and disbursement data with the Common Origination and Disbursement (COD) System for the Pell Grant Program. Additional information and technical reference guides can be found at https://www.fsadownload.ed.gov.

ELIGIBILITY REQUIREMENTS

In order for students to receive financial assistance from federal, state or district financial aid programs, they must:

- Apply for admission and submit documentation required by the desired school and receive notification of admittance.

- Not be receiving Title IV financial aid concurrently from another institution.

- Be enrolled as a regular student in an eligible program.

- Complete a Free Application for Federal Student Aid (FAFSA). This must be completed for each year of enrollment. The application can be accessed at http://www.fafsa.ed.gov.

- Have a verifiable financial need based upon the “Student Aid Report” (SAR) or the “Institutional Student Information Report” (ISIR) in relation to the institutional cost of attendance.

- Be one of the following to receive federal student aid:
  - A U.S. Citizen or national;
  - A U.S. permanent resident or other eligible noncitizen; or
• A citizen of the Freely Associated States: the Federated State of Micronesia and the Republic of Palau and the Marshall Islands. These students can only receive aid from selected FSA programs.

• Please visit [www.studentaid.ed.gov](http://www.studentaid.ed.gov) for additional information on eligibility criteria.

• Need to maintain Satisfactory Academic Progress (SAP) in accordance with school policy and procedures. SAP is based on grades and pace of program completion. Students must complete their program within 150% of the length of the total scheduled hours for the program.

• Not be in default on a Federal Perkins Loan or any loans under the Federal Family of Educational Loan Programs (FFELP) made available through M-DCPS or other institutions, or have made satisfactory arrangements to repay a defaulted loan, and must not have borrowed in excess of the loan limits under any Title IV program.

• Not owe refunds on a Federal Pell Grant, or any other Title IV grant.

• Have a signed Statement of Registration Compliance indicating that they have either registered with the Selective Service or are not required to register. Please visit [http://www.sss.gov/default.htm](http://www.sss.gov/default.htm) for additional information.

• Have a signed Statement of Educational Purpose indicating that they will use the money only for expenses related to attending school. This mandatory for Federal Pell Grant recipients (See Appendix 1).

• Hold a high school diploma or General Educational Development (GED) diploma. A diploma can be from a foreign school if it is officially verified as equivalent to a U.S. high school diploma. The high school diploma must be recognized by the Department of Education of the state from which it was issued. A state certificate is acceptable if received by a student after the student has passed a state authorized examination that the state recognizes as the equivalent of a high school diploma as required by Chapter 34 CFR 600.2 (See Appendix 19).

• Not be enrolled in any high school completion program or hold a bachelor’s degree or higher.

• Comply with attendance policies, safety regulations, and the Post-Secondary Code of Conduct.

• Comply with federal requirements regarding felony drug conviction policy in accordance with section 421(a) (1) of the Controlled Substances Act.

• Receive and sign the check list of “Registration Information You are Required to Know, FM 6827 (See Appendix 2).
ENROLLMENT STATUS

For the purpose of the financial aid program:

1. Full-time enrollment status is 24 or more clock hours per week.
2. Three-quarter time enrollment status 16-20 clock hours per week
3. Half-time enrollment status is at least 12 to 15 clock hours per week.
4. Less than half-time enrollment status is less than 11 clock hours per week.

EXPECTED FAMILY CONTRIBUTION (EFC)

Expected Family Contribution (EFC) is the number that is used to determine student eligibility for federal student aid. This number results from the financial information provided by the student in the FAFSA application. EFC is reported to the student on the Student Aid Report (SAR).

The EFC formulas use the financial information students provide on the FAFSA to calculate the EFC. Financial Aid Officers (FAO) subtracts the EFC from students' Cost of Attendance (COA) to determine individual need for federal student financial assistance as well as selected district financial aid.

FREE APPLICATION FOR FEDERAL STUDENT AID (FAFSA)

The FAFSA is the form used by the U.S. Department of Education to collect information and determine an applicant's Expected Family Contribution (EFC) by conducting a "needs analysis" based on the applicant's personal information. The EFC is used to determine an applicant's eligibility for federal grants and loans. Other agencies, such as states and schools, may use the information to award other types of aids. Students can download a copy of their FASFA information to make informed decisions about finances and assets at http://www.fsadowload.ed.gov

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

Policies and procedures concerning the privacy of student records are governed by the Family Education Rights and Privacy Act of 1974 (Public Law 93-380). FERPA sets limits on the disclosure of personally identifiable information from school records and defines the rights of students to review records and request changes to them.
FEDERAL PELL LIFETIME ELIGIBILITY USED (LEU)

The Consolidated Appropriations Act, 2012 (Public Law 112-74) established regulations relative to Federal Pell Lifetime Eligibility. This law significantly impacted the Federal Pell Grant Program. Effective, July 1, 2012, students are now limited to 600% of Federal Pell grant eligibility during their lifetime. This change affects all students, regardless of when or where they received their first Federal Pell Grant. Students who have received 600% Federal Pell Grant as of 2011-2012 will no longer be eligible to receive a Federal Pell Grant beginning with the Fall 2012 semester and thereafter. Students may view their federal student aid history by logging on to www.studentaid.gov.

FINANCIAL AID PROGRAMS AVAILABLE AT SELECTED SCHOOLS

- District Financial Aid Program (DFAP)

This is a District need-based grant program. Students must complete a FAFSA and be enrolled in a career/technical program. Awards may vary but cannot exceed tuition (not applied toward materials, ID fees, textbooks or supplies). Awards are determined by the school and are based upon need and availability of funds. Please refer to School Board Policy 2450- Adult, Post-Secondary, Career and Community Education (See Appendix 17).

Students receiving DFAP funds who do not maintain Satisfactory Academic Progress (SAP) will be denied approval for future awards. Students, who fail a class while receiving funds from DFAP or Fee Waiver, will not receive this assistance to repeat the course. Students must follow the attendance and academic guidelines established by the school. Students must complete FM 6498 DFAP/Fee Waiver Application. No DFAP is allowed for students taking career technical educational classes strictly for personal or hobby use (See Appendix 3).

- Federal Pell Grant Program

Federally funded grants are awarded by the United States Department of Education (ED) to students who demonstrate financial need. The Pell Grant is available to students who enroll in an eligible Title IV program and meet all other requirements set by the ED. Applications for Federal Student Aid can be accessed through the Internet at www.fafsa.ed.gov/

- Federal Supplemental Opportunity Grant (FSEOG)

Federally funded grant program awarded to eligible students receiving federal financial aid who demonstrate financial need. Awards are calculated by school's Financial Aid Office and are determined by need and availability of funds. Students must complete an error free FAFSA each year to be considered for this aid. Not all schools participate in this program.
• Fee Waiver Program

This is a District need based grant program. Awards may vary but cannot exceed tuition (not applied toward materials, ID fees, textbooks or supplies). Awards are determined by the school and are based on need and the availability of funds.

The student must not be receiving other sources of financial aid from the school for that trimester. An application must be submitted each term and the applicant must be able to provide documentation to verify financial need. Satisfactory academic progress and attendance must be maintained to continue receiving a fee waiver. No Fee Waivers are allowed for students taking classes strictly for personal or hobby use. (See Appendix 3)

• CareerSource South Florida (CSSF)

This is a federally funded agency that provides training vouchers to unemployed and economically disadvantaged students. The vouchers cover tuition, material and ID fees, and books. Students are referred to a participating CareerSource South Florida Center where they can complete the necessary application. Student must also complete a FAFSA. This program is coordinated through the Department of Labor and Employment Security. Information can be found at http://www.careersourcesfl.com/

STATE OF FLORIDA PROGRAMS – FLORIDA DEPARTMENT OF EDUCATION, OFFICE OF STUDENT FINANCIAL ASSISTANCE (OSFA)

All State programs require a student to meet the Florida residency requirements as defined by the Florida legislature.

• Florida Work Experience Program

The Florida Work Experience Program (FWEP) is a need-based program providing eligible Florida students with work experiences to complement and reinforce their educational and career goals. FWEP is a decentralized State of Florida program, which means each eligible participating college, university, Florida College (public community college), career center operated by a district school board, and educator preparation institute determines application procedures, deadlines, student eligibility, and award amount. The student will demonstrate financial need by completing the Free Application for Federal Student Aid (FAFSA) in time to be processed error free by the deadline specified by the institution.

• Florida Bright Future Scholarships

These are academically-based scholarships that include the Academic Top Scholars, Florida Academic Scholars, Florida Medallion Scholars and the Gold Seal Vocational Scholars. These are awarded to graduating high school seniors. The award amounts are determined by the State of Florida. Students must be enrolled for at least 12 hours per week or 180 minimum clock hours per trimester.
Florida Public Postsecondary Career Education Student Assistance Grant Program (FSAG)

Florida Student Assistance Grant (FSAG) Program is a need-based grant program available to Florida residents enrolled in certificate programs of 450 or more clock hours at participating Florida colleges (public community colleges) or career technical centers operated by district school boards. Each participating institution determines application procedures, deadlines, and student eligibility.

Please visit www.floridastudentfinancialaid.org for additional information on State of Florida sponsored programs, grants and services.

Veterans’ Educational Benefits Program (VA)

Selected Schools are approved for veterans training. If a student is a veteran of the United States Armed Forces, he/she may be eligible for veteran educational benefits. Eligibility is determined by the Department of Veterans’ Affairs. Applications for educational benefits are available from the school’s VA Certifying Official or online at http://www.benefits.va.gov/gibill/. Veterans are permitted to receive educational benefits only for the length of time approved for their program by the State of Florida Department of Veterans’ Affairs.

G5

G5 is used to draw down Title IV funds as well as make returns of excess cash electronically. The site provides continuous reporting capability for an institution’s funding by program and year. This site also assists with R2T4 and reconciliation of funds for award years. The G5 web site can be accessed at https://www.g5.gov/

GAINFUL EMPLOYMENT (GE) DISCLOSURE

The Higher Education Act defines Title IV eligible educational programs of study as either one offered by a public or non-profit institution leading to a degree, or a program of study offered by any institution that leads to gainful employment in a recognized occupation.

As part of the GE program disclosure requirements, institutions who have GE programs must publish specific data about each of their GE programs for prospective students. The disclosure information will help students make informed choices about enrolling in a GE program.

The Code of Federal Regulation (CFR) 668.6 (b) (2) (iv) require that institutions must use the GE Disclosure Template provided by the U.S Department of Education. The template must be posted on the school’s web site. Additional information and the GE Program Disclosure Template can be accessed at http://ope.ed.gov/GainfulEmployment/
HIGH SCHOOL DIPLOMA REQUIREMENTS- ACADEMIC QUALIFICATIONS

To receive Federal Student Aid (FSA) funds, a student must be qualified to study at the postsecondary level. A high school diploma or an equivalent is required. A high school diploma can be from a foreign school if it is officially verified as an equivalent to a U.S. high school diploma. An equivalent of a high diploma, such as a General Educational Development (GED) diploma is acceptable if the diploma is recognized by the department of education of the state from which it was issued. A state certificate is acceptable if received by a student after the student has passed a state authorized examination that the state recognizes as the equivalent of a high school diploma, in accordance to the Code of Federal Regulation 600.2. Please refer to Dear Colleague Letter GEN-14-06 and Volume 1- Student Eligibility of the FSA Handbook that can be accessed at http://www.ifap.ed.gov/ (See Appendix 19).

INSTITUTIONAL STUDENT INFORMATION RECORD (ISIR)

The ISIR contains all information reported on the FAFSA that includes key processing results, and National Student Loan Data System financial history. The term ISIR refers to all processed student information records that are sent electronically to institutions by the Central Processing System (CPS).

ISIRs are sent to schools through the Electronic Data Exchange (EDE), the U.S. Department of Education’s electronic service that enables schools to send electronic data and receive resulting processed electronic data from CPS and other Federal Student Aid systems. The ISIR and the Student Aid Reports (SAR) contain the same information in different formats. The ISIR Guide can be accessed at the IFAP Website or at https://www.fsadownload.ed.gov

NATIONAL STUDENT LOAN DATA SYSTEM (NSLDS)

NSLDS is the national database of information about student federal student loans and grants. It provides a centralized integrated view of federal loans and grants during their complete life cycle, from aid approval through disbursement, repayment, deferments, delinquency and closure. Information and data for NSLDS are received from various sources. The NSLDS Professional Access web site can be accessed at: https://www.nsldsfap.ed.gov

NEED ANALYSIS

The process of analyzing a student’s financial need, known as “Need Analysis”, focuses on determining how much the family reasonably can be expected to contribute towards the student’s education. Traditionally, determination of an applicant’s need is achieved by collecting information about the family’s income, assets, and living expenses. For the federal student aid programs, the law specifies a need analysis formula that produces the Expected Family Contribution (EFC). The EFC and the school’s Cost of Attendance (COA) are used by the school to establish the student’s need as well as to award grants and campus-based aid. The school may request other documents to determine the need for non-federal aid.
NET PRICE CALCULATOR REQUIREMENT

In accordance with the *Higher Education Opportunity Act*, each postsecondary institution that participates in Title IV Federal Student Aid (FSA) programs must post a net price calculator on its website that uses institutional cost of attendance data to provide estimated net price information to current and prospective students and their families based on a student's individual circumstances. This calculator should allow students to calculate an estimated net price of attendance at an institution (defined as cost of attendance minus grant and scholarship aid) based on what similar students paid in a previous year. The net price calculator is required for all Title IV eligible institutions.
PARTICIPATING SCHOOLS

The following schools are authorized to offer Federal and District Financial Aid for eligible programs as listed on their Program Participating Agreements (PPAs) (See Appendix 23).

D. A. Dorsey Technical College- Federal School Code -041646
http://dadora.dadeschools.net
305.693.2490

PAYMENT SCHEDULE

1. Financial aid disbursements are scheduled as students meet requirements in accordance with, Chapter 3 of the current Federal Student Aid Handbook and Chapter 1 of Federal Student Aid Blue Book that can be accessed at http://ifap.ed.gov

2. Payment periods for full-time and part-time programs are scheduled as follows:
   a. Program payment periods:
      (1) For programs of 900 hours or more in length, the payment period is 450 hours representing half of the academic year.
      (2) For programs that are 899 to 600 hours in length, the payment period is half of the program length.

3. The award year is dependent upon the date of the application for financial aid made by a student and the first day of attendance. Multiple disbursements may be made within a single payment period; however, making multiple disbursements within a payment period does not create a new or additional payment period.

4. A student is ineligible when it becomes mathematically impossible for him or her to complete a program within 150% of the length of the hours scheduled for the program.

5. Disbursements will not be approved unless the student meets the criteria to maintain Satisfactory Academic Progress.

POLICIES AND CONDITIONS CONCERNING FINANCIAL AID AWARDS

1. Awards are contingent upon actual receipt of funds from the federal, state and/or district funding sources.

2. The Financial Aid Office reserves the right to revise or cancel an award at any time because of changes in financial or academic status of students.

3. Students must report to the Financial Aid Office any other financial assistance (scholarships, loans, grants, fee waivers, veterans' benefits, and social security income) not previously reported.
4. Students may register with a deferment based on expected financial aid award. Deferments must not exceed the financial aid eligibility for the payment period. Students are responsible for the difference between the deferment and the registration costs. Students must approve and sign deferment agreements for tuition, books and supplies (See Appendices 14, 15 and 16). After registration, any money owed will be deducted from the actual award received for the student. Once these deductions have been made, the balance of awards will be disbursed to students.

5. Students must notify the Financial Aid Office immediately of any changes in name, address, marital status, felony drug conviction, or enrollment status with appropriate verification documentation.

6. Financial aid awards are not renewed automatically. A new FAFSA application must be submitted each year. New forms are available each year and can be accessed at http://www.fafsa.ed.gov/

7. Students selected for Verification based on SAR or ISIR indicators must comply with the requested information as specified on page 33 of this Handbook.

8. Students are responsible for picking up any grant checks within a reasonable period of time after the disbursement date. If students have not picked up their payments within 20 business days after the last date that their enrollment ends in that award year, the institution may credit the students' account only for allowable outstanding charges for the award year incurred by students while they were eligible in accordance with the Code of Federal Regulations 34 CFR 660.78(c), Federal Pell Grant Program. Attempts to contact students who do not pick up grant checks must be documented.

9. Intentional false statements or misrepresentations on any of the federal financial aid application materials will subject students to a fine or imprisonment, or both, under provisions of federal law.

10. Satisfactory Academic Progress (SAP) as defined on page 24 must be maintained in order to receive financial aid.

11. Awards are based on continuous enrollment without interruption. If students withdraw from school, awards may become null and void. Students must see the Financial Aid Officer to reactivate the award should they re-enter. The award may then be recalculated.

12. Financial aid checks that have not been picked up and issued to students will be returned to the funding source. Eligibility of the reissuance of funds will be determined on a case by case basis.
PRIVATE EDUCATION LOAN APPLICANT SELF-CERTIFICATION FORM

Title IV institutions are required to provide the Loan Self-Certification form, and the information needed to complete the form to an enrolled or admitted applicant (or to the parent of an enrolled or admitted student) upon the applicant’s request for a Private Education Loan Self-Certification form. An institution may post an exact copy (pdf) of the Self-Certification form on its website for applicants to download or it may provide a paper copy directly to an applicant through its Financial Aid Office. In accordance with 34CFR 668.14(b) (29) (iii), an institution must, upon the request of the applicant, discuss the availability of federal, state, and institutional financial aid services.

PROGRAM PARTICIPATION AGREEMENT (PPA)

A PPA is an agreement between the U.S. Department of Education and a postsecondary institution that affirms that the institution has been approved to participate in the federal student aid program. A PPA conditions the initial and continued participation of an eligible institution in any federal student aid program on compliance with all the applicable regulations and any conditions specified in the PPA. An institution’s PPA applies to each branch and other location of the institution that meets applicable requirements. Changes to a PPA must be completed by the school and signed by the District’s Chief Operations Officer (CEO) / Deputy Superintendent for School Operations before being submitted for processing to the U.S. Department of Education. The programs listed on the PPA will be eligible for Title IV federal financial aid funds in addition to those approved to participate in the Experimental Program initiative (See Appendix 23).

NATIONAL STUDENT LOAN DATA SYSTEM (NSLDS) ENROLLMENT STATUS REPORTING

Provisions of the Consolidation Appropriations Act of 2014 (Pub. Law No. 113-76) requires the Federal Department of Education (ED) to submit to Congress a report of enrollment and graduation information on Federal Pell Grant and Loan recipients. All Title IV schools are required to report the enrollment status of students who are Pell Grant recipients or have received a Title IV subsidized loan.

REFUND POLICY

The School Board of Miami-Dade County, Florida, has a tuition refund policy that clearly stipulates the amount of tuition and fees that are to be refunded to a student who wishes to withdraw during a term.

If a student elects to withdraw, they must notify the Registrar and the school’s refund policy below will apply:

- Before start of class – full refund of course and non-resident fee, but no refund of any special fees paid.
- Within 14 calendar days after start of class – 50 percent refund of course and non-
  resident fee, but no refund on special fees paid.

- After 14 calendar days of the start of class – no refund of any fees paid.

- A refund will be issued when due and shall be made within 45 days of the last day of
  attendance or if written notification of withdrawal has been provided to the institution by
  the student, or from the date the institution terminates the student or determines
  withdrawal by the student

- Students will be notified in writing if they are due a refund by the school and provided
  with the necessary form to process a refund payment.

REPAYMENT POLICY- Federal Pell Grant Students

If students withdraw from school before the disbursement date, they may not be eligible to
receive the full award for the payment period. In accordance Title 34 Part 668.22 CFR, the
school will only collect monies which the students have charged (deferred) against their
Federal Pell Grant for tuition, registration, and program costs. The student will be responsible
for any remaining balances not covered by the Federal Pell Grant award.

RETURN TO TITLE IV (R2T4)

The financial aid refund policy for Title IV M-DCPS postsecondary educational centers will
conform to the provisions of Title 34 Part 668.22, Code of Federal Regulations (CFR). These
provisions are detailed in Volume 5 Chapter 1 of the current Federal Student Aid Handbook
and Chapters 5 and 6 of the Federal Student Aid Blue Book which can be accessed at
http://www.ifap.ed.gov/

Federal Financial Aid (Title IV funds) is awarded to a student under the assumption that the
student will attend school for the entire period for which assistance is awarded.

Students who receive Title IV funds and wish to officially withdraw from school must notify the
school’s registrar. The withdrawal date will be considered the students’ last day of attendance
as reflected in the school’s electronic Gradebook for calculation purposes. For students who do
not officially withdraw, the withdrawal date will be the last day that they attended class as
recorded by their instructor in the electronic Gradebook. The Financial Aid Officer will use the
Return of Title IV Funds (R2T4) calculation to determine the amount owed from the last date of
attendance.

Students who receive Title IV funds and wish to withdraw at or before 60% of the term may
have to return a portion of their unearned federal financial aid. They may owe tuition, fees or a
repayment of federal funds to the school.
District Title IV eligible schools will return financial aid funds based on the R2T4 calculations determined by the Financial Aid Officers no later than 45 days after the students' withdrawal date. The school will return the lesser amount of the aid to be returned, as compared to the institutional charges, multiplied by the percentage of unearned aid. This amount will be the difference between the amount of Title IV aid due from the school, and the amount of Title IV aid to be returned. Any federal financial aid that a student is required to repay will be returned to the Department of Education by the institution on the student's behalf. If the student did not receive all of the financial aid funds earned and completed at least 60% of their program, they may be due a post-withdrawal disbursement.

The Financial Aid Officer will notify the student in writing of their revised disbursement after the Return to Title IV Funds calculation is completed. If the student owes unpaid tuition and / or fees, the student will be responsible for the full payment due to the institution. Students who do not comply with payment of any tuition or fees to the school will have a financial administrative hold placed in VACS. The student will not be able to enroll in any M-DCPS institution until this obligation is satisfied.

Financial Aid officers must submit a list of withdrawn financial aid recipients with calculated R2T4 to the administrator in charge of the department on a monthly basis in order to review, and monitor the process to ensure that all funds are returned to Title IV accordingly. The Worksheets to process R2T4 can be accessed at [http://www.ifap.ed.gov/qahome/fsaassessment.html](http://www.ifap.ed.gov/qahome/fsaassessment.html). This process must be completed within 45 days after the student has been withdrawn.

**STUDENT AID INTERNET GATEWAY (SAIG)**

All schools need to enroll at this site in order to exchange data with various department systems within the U.S. Department of Education. It allows data exchange between schools and the Central Processing System (CPS), the Common Origination and Disbursement (COD) system, and the National Student Loan Data System (NSLDS). Also provides the ability to transmit the annual Fiscal Operations Report and Application to participate in the Federal Campus-Based Programs (FISAP) to provide FSEOG by participating schools. Information on SAIG can be accessed at [https://fsawebenroll.ed.gov](https://fsawebenroll.ed.gov)

**STUDENT AID REPORTS (SAR)**

A SAR is a report provided to an applicant by the U.S Department of Education showing the applicant's FAFSA information and the amount of his or her Expected Family Contribution (EFC). SARs are paper or electronic documents that are sent to the student or printed from the FAFSA on the Web and FAA Access to CPS online Web sites. SARS and ISIRs contain the same processed student information in different formats. The Central Processing System (CPS) adds comment codes and text to the student's transaction to provide information to the student and the financial aid officer about the student's FAFSA status. These codes also indicate whether a student is selected for the verification process.
STUDENTS CONVICTED OF POSSESSION OR SALE OF DRUGS

A federal or state drug conviction can disqualify a student for Federal Student Aid funds. The student self-certifies eligibility when applying for aid. A financial aid officer does not have to confirm this unless they have conflicting information. The Anti-Drug Abuse Act of 1988 includes provisions that authorize federal and state judges to deny certain federal benefits, including student aid, to individuals convicted of drug trafficking or possession. The Central Processing System (CPS) maintains a hold file of individuals who have received such a judgment.

STUDENTS WITH INTELLECTUAL DISABILITIES

Students with intellectual disabilities can receive funds from the Pell Grant, FSEOG and FWS programs if they are enrolled in a Comprehensive Transition and Post-Secondary Program (CTP) as defined in Section 760 of the Higher Education Act. A CTP program is a degree, certificate, non-degree, non-certificate program that is designed to support students with intellectual disabilities who want to continue their education at a postsecondary institution to prepare for gainful employment.

The school must apply to the U.S. Department of Education to have the program judged as eligible. The institution must submit an updated Electronic Application for approval to participate in the Title IV FSA program (eApp). The application must include a detailed description of the CTP program and must indicate how the program meets all of the regulatory requirements. The institution must also notify its accrediting agency of its CTP program. The CTP program should be included in the self-study an institution prepares for its next comprehensive reaffirmation. Please refer to the Dear Colleague Letter GEN-11-01, January 2011 and Chapter 1, School Determined Requirements of the FSA Blue Book and Volume 1, Student Eligibility and Volume 2, School Eligibility in the FSA Handbook that can be accessed at http://www.ifap.ed.gov/

SATISFACTORY ACADEMIC PROGRESS (SAP)

SAP is a required measurement of a student's academic progress towards their academic goal. Progress must be measured by both grade-based (qualitative) and time/pace of completion (quantitative) standards. For programs lasting one year or less, SAP must be assessed at the end of each payment period. For programs lasting more than one year, SAP must be assessed annually corresponding with the end of a payment period. SAP must be measured cumulatively.

The Code of Federal Regulations, CFR 668.34 requires that schools establish satisfactory progress standards and policy for students applying for and receiving federal aid. This regulation requires that the Financial Aid Office review all periods of a student's enrollment history to determine if a student is making satisfactory academic progress towards an educational objective. The policy must include grade requirements (qualitative) and pace of completion (quantitative) standards.
The Satisfactory Academic Progress form must be utilized by the Financial Aid Officers in order to document and monitor students' progress at the successful completion of 67% of the maximum scheduled hours for which the student is enrolled. The Satisfactory Academic Progress Report form (FM 5431) is completed by teachers and returned to the Financial Aid Officer. It will indicate the student's current attendance data as reflected in the Electronic Gradebook and their pace towards program completion, as well as the student's current grade based on weekly academic assessments derived from class/shop work, externships, and other practicum which appear in the electronic gradebook as well as in the district's Vocational Tracking System (VTS). The school's Registrar will confirm a student's attendance to ensure they have successfully completed the 67% of the maximum scheduled hours for which they are enrolled.

The Satisfactory Academic Progress criteria that are expected from all students are as follows:

- Satisfactorily attain a minimum grade of "C" or better or GPA of 2.0 and above
- Satisfactorily complete outcomes to finish the program within 150% of the length of the program
- Successfully complete 67% of the maximum scheduled hours for which the student is enrolled
- The number of payment periods for which students will be awarded financial aid will be limited by the number of hours required to complete the program.
- The period of eligibility commences from the date students enter the program
- The quantitative measure is based on the calendar time and based on the student's clock hours.

Clock Hour Pace Example:

- At 450 scheduled hours, student completed 300 hours: 300/450 = 67%,
- Expressed in calendar time, 10 weeks/15 weeks = 67 %.
- If this criterion is not met, the student is no longer eligible for financial aid and their award will be canceled.

If a student fails to make Satisfactory Academic Progress as reflected on the Satisfactory Academic Progress Report form, a meeting will be held with the student and the Financial Aid Officer. The student will be placed on "Financial Aid Warning" for one payment period. The Financial Aid Officer will closely monitor the student's progress. The student is eligible to continue receiving financial aid.
STUDENT APPEAL PROCESS

If a student fails to achieve Satisfactory Academic Progress, while on “Financial Aid Warning”, he/she will become ineligible for a financial aid award. On a case by case basis, students may be recommended to appeal in order to be placed on “Financial Aid Probation”. They will submit a Financial Aid Student Appeals form (FM 6863) obtained from the Financial Aid Officer in order to request an appeal. All requests for appeal will be heard by the school’s Financial Aid Appeals Committee which will be comprised of an administrator, financial aid officer, guidance counselor, and the respective career/technical department chairperson. The committee shall convene as needed and will carefully review all information and documentation related to the student’s appeal. The committee will render a written decision to the student within 48 hours of the appeal hearing, using the Student Appeals form (FM 6863). The decisions of the Financial Aid Appeals Committee are final.

If the student’s appeal is approved, a meeting will be held with the student and the Financial Aid Officer and the student will then be placed on “Financial Aid Probation" status for one payment period. Students will be entitled to one (1) appeal’s hearing during the entire length of their program (See Appendix 5).

Financial aid officers, guidance counselors and career/technical teachers will work together in order to closely monitor a student’s progress while on “Financial Aid Probation” and should the student regain Satisfactory Academic Progress during the next evaluation, he/she will be considered as being in academic compliance and their eligibility will be reinstated. If a student does not make Satisfactory Academic Progress while on "Financial Aid Probation", a meeting will be held with the student and the Financial Aid Officer and the student will be informed that they will be ineligible for the payment period following their “unsatisfactory” academic progress report. Students will be financially responsible for their academic expenses until they have successfully reestablished Satisfactory Academic Progress.

Through the consistent and daily use of the various school district’s data warehouse systems (Electronic Gradebook, Vocational Tracking System, and Data In Your Hands), our Financial Aid Officers will be able to effectively monitor all students’ hours and academic grades in order to make the necessary Satisfactory Academic Progress determinations.

Students who transfer will have their hours and grades earned at the previous school counted towards their Satisfactory Academic Progress within the timeframe of enrollment. If a student withdraws, their existing hours and grades upon re-entering will be counted towards their Satisfactory Academic Progress within 150% of the length of the program.

Awards will be recalculated when needed, in order to ensure proper compliance with the Satisfactory Academic Progress policy. For additional information on SAP, please refer to Chapter 1, School - Determined Requirements of the Blue Book for Financial Aid Professionals that can be accessed at http://ifap.ed.gov/qahome/fsaassessment.html (See Appendices 4 and 8).
TWO FACTOR AUTHENTICATION (TFA)

Two-Factor Authentication (ITF) is the security process through which authorized school financial aid personnel are required to enter two forms of “authentication” to access Federal Student Aid systems. TFA requires each authorized user to log in with a traditional User ID and Password as well as provide One-Time Password (OTP) generated by a registered token device that is in the physical possession of the user. All authorized users will be required to log in to the eCampus-Based Website using a TFA token in addition to the FSA User ID and password.

VERIFICATION OF FAFSA INFORMATION

All students who have completed a FAFSA are subject to verification of the information submitted when completing their application. This verification must be completed before the student can receive federal aid. Verification flags are noted on a student's SAR or the ISIR received by the school.

Schools have the authority to contact students for documentation and information needed to address verification requirements and student must comply with the requested information. Student must submit the required documents requested for verification within the established timelines to maintain eligibility for federal financial aid. The verification process is in accordance to Title 34, Articles 668.51-61, of the Code of Federal Regulations (CFR). Refer to page 33 of this Handbook for additional information on the verification process and mandates.

VERIFICATION OF FLORIDA RESIDENCY

As a result of Florida Statute 1009.21, which took effect on July 1, 2010, and Florida Statute 1009.22, which became effective on July 1, 2011, applicants seeking to enroll in career/technical education courses where tuition fees are assessed, must show proof of Florida residency. Those who can show proof of Florida residency will be eligible for the in-state tuition fees. Those who cannot show proof of residency will be charged out-of-state fees for career and technical education programs only. Florida residency for tuition purpose is defined as documented proof that a student has lived or resided in the State of Florida for twelve (12) consecutive months. This does not refer to other definitions of residency established by other entities, including the U.S. Citizenship and Immigration Service (USCIS).
CHAPTER III
FINANCIAL AID OFFICE ADMINISTRATIVE PROCEDURES

POLICIES AND PROCEDURES

The financial aid offices housed in M-DCPS postsecondary educational centers were established to coordinate all services and sources of financial assistance offered to eligible students.

1. In accordance with established procedures, all students applying for financial aid must submit appropriate application forms to the Financial Aid Office and complete other required processes as applicable. Federal financial aid will be processed when the Financial Aid Office receives a valid ISIR/SAR in addition to other required documents.

2. All awards for financial aid shall be administered through the Financial Aid Office, depending upon the availability of funds.

3. Eligible students will be given consideration for all programs administered by the Financial Aid Office. Aid packages may consist of one or more grants in any combination that, in the opinion of the financial aid officer, most appropriately meets students’ needs.

4. M-DCPS postsecondary educational centers will not discriminate in the awarding of financial aid. The centers must adhere to laws under the Title VI Civil Rights Act of 1964, the Title IX Protection Act, the Privacy Act of 1974, the Rehabilitation Act of 1973, and the Age Discrimination Act.

5. Designated program progress reports for adult students must be completed by instructors for all students receiving federal financial aid and must be submitted to the Financial Aid Officer. All attended hours for PELL (financial aid) students must be posted weekly in the electronic gradebook. This is part of monitoring Satisfactory Academic Progress (SAP) for students on financial aid programs. These reports may also be provided to community-based organizations as appropriate.

6. The Financial Aid Committee members, as assigned by each postsecondary educational center, will serve as an appeals board for students. Committee members should include: a school administrator, financial aid officer, a guidance counselor, and faculty member.

7. The Federal Grant Disbursement Authorization form (FM 6854) is to be prepared by the Financial Aid Office and transmitted to the Business Office to prepare for the disbursement of Pell Grant funds (See Appendix 11).
RECORDS AND FILE MAINTENANCE

1. Accurate records and files must be maintained to support the eligibility criteria of each student who has received financial assistance to ensure compliance with federal, state and district policies and procedures.

2. It is highly recommended that the Financial Aid Office develop and maintain a "Checklist" of documents and forms needed to verify and support the financial aid awarded to students. These files will also be required for audit and program reviews (See Appendices 20 and 21).

3. Individual student master files are maintained by the Financial Aid Office for each student receiving assistance. These records must contain all approved forms and valid documents that reflect the type and amount of assistance provided and received by student.

4. The Financial Aid Office serves as an information clearing house for detailed and summary data reports regarding student aid programs.

5. All records of financial assistance are to be retained for five years following submission of the fiscal operations reports and must be maintained in fireproof file cabinets that can be locked in a secure area.

6. All school personnel with access to student financial records and files must be cleared and approved by the school principal.

ACCOUNTING AND FINANCIAL TRANSACTION FILES AND HANDBOOKS

All postsecondary educational centers should maintain accounting files, financial aid manuals, and ledgers which are easily accessible, or be able to retrieve them electronically. These documents and materials should include:

1. Manuals/Documents and Handbooks
   a. Accounting records, ledgers and logs, of funds for student financial aid programs supported by federal, state and district funding
   b. Compilation of Student Aid Regulations, Title 34 Code of Federal Regulations (CFR).
   c. Federal Student Aid publications that can be accessed at www.ifap.ed.gov/ifap/publications.jsp
   d. IFAP Dear Colleague Letters that can be accessed via the Internet at www.ifap.ed.gov/ifap/
2. Files, Forms, Reports and Audits
   a. Program Participation Agreements (PPA) (past and present) to include:
      - Letters of eligibility
      - All materials and applications used to establish eligibility
      - Signed letter from ED certifying eligibility
      - Primary Destination Point Administrators signed documents
      - Eligibility and Certification Approval Report
   b. Notification of tentative and final funding levels, as well as any appeals notification (kept on a per-award-year basis)
   c. Pell Grant Disbursement Acknowledgment List (completed electronically)
   d. Electronic Student Status Confirmation Report(s) (SSCR)
   e. Student budgets (kept on a yearly basis)
   f. Any audit reports and responses
   g. A master list of all students receiving aid on an award-year basis and the award amounts according to funding source
   h. Individual student files (active and inactive)
   i. Fiscal Operations Report/Application for Funds (FISAP) and all related information which is to be filed by fiscal year if applicable.
   j. Posting Pell awards in the Vocational Adult Community System (VACS)
k. NSLDS Enrollment Status Reports

l. Evidence of Reconciliation of Title IV award years

**FISCAL REPORTING AND IPEDS – ROLE OF FINANCIAL AID OFFICER**

1. Within 30 days of disbursement, the financial aid officer prepares the *Common Origination and Disbursement (COD)* for submission to ED. This report identifies individual Federal Pell Grant student payments for a specific payment period with projected future payments for the remainder of the award year.

2. Annually prepares *FISAP* for submission no later than October 1st to ED, that serves as the application for schools that participate in the FSEOG program.

3. Assists with preparing appropriate sections of the *Integrated Postsecondary Educational Data System (IPEDS)* survey related to financial aid.

4. Works with the Business office to ensure the Reconciliation of Pell Grant funds provided to the school. This is a mandatory function to ensure Title IV funds are accounted for and reconciled against funds received and disbursed.

5. As required by Title 34, Parts 668.15 and 668.16, Code of Federal Regulations (CFR), all Title IV schools must adhere to the separation of functions and operations of the Financial Aid Office and the Business Office. The functions of authorizing payments and disbursing of funds are separated to ensure that no single office or individual exercises both functions for students receiving financial aid funds.

6. The duties of staff in the Financial Aid Office and the Business Office must be clearly divided in each school in order to maintain a system of check balances.

**STUDENT FILES, FORMS AND DOCUMENTS**

Student file folders must include required forms, documents, and evidence of financial need to support the request and approval of financial assistance. A menu of items has been provided that can be used to develop a file folder checklist, depending upon the financial aid services provided by the school (See Appendix 20). The following are the basic requirements for student folders.

1. The financial aid officer should develop and maintain a checklist identifying all of the documents and forms needed to process a student's financial aid application for the eligible programs and services offered by the schools (See Appendix 21).
2. **The Postsecondary Educational Center Financial Aid Application (FM 5467)** obtained at the time of initial application *(See Appendix 7).* This application form is not mandatory for students applying for Federal Pell Grant Title IV programs unless the school requires the applicant to complete the form. However, it is highly recommended for the purpose of maintaining current information, and for ensuring that information is consistent among various documents. This form is **required** for students applying for DFAP/Fee Waivers and other school-based financial aid services.

3. An accurate Institutional Student Information Report (ISIR) or Student Aid Report (SAR).

4. COD-Pell History Lifetime Eligibility Used History.

5. **Statement of Educational Purpose** (including a default/refund statement) *(See Appendix 1).*

6. Verification Review Sheets if selected, and appropriate copies in accordance with the **Application and Verification Guide** *(See Appendix 22).*

7. Award(s) notification(s) issued from various organizations as well as from those issued by the postsecondary education center.

8. High School Diploma— or GED or Official Transcript from a State recognized institution.

9. Return to Title IV (R2T4) Work Sheets, if applicable.

10. Evidence of Satisfactory Academic Progress for every disbursement period.

**PROFESSIONAL JUDGEMENT**

1. The Financial Aid Officer (FAO) may, on a case-by-case basis, adjust one or more of the data elements used to calculate the EFC. The FAO may need to adjust the data elements during the award year to reflect a student's changed circumstances. For example, if a wage-earning parent dies after the student's first payment period, the FAO could adjust the adjusted gross income in the EFC to reflect the loss of income.

2. In order for the FAO to consider such circumstances, students must request, in writing, explaining the circumstances, and how they occurred, and providing documentation to substantiate the claim.

3. All decisions of the FAO are final.
Examples of appropriate forms of documentation include:

- Medical expenses - medical bills, doctors' statements, and cancelled checks
- Death of household member - obituary clipping from the newspaper and/or a death certificate.
- Change in income - check stub, tax return, and W-2 forms
- Separation/divorce - copies of court documents and legal papers
- Marriage - copy of a marriage license
- Birth - hospital bills and a birth certificate
- Wage determination and unemployment forms

**VERIFICATION POLICIES AND PROCEDURES**

Postsecondary educational centers adhere to the following verification principles:

1. The institution must ensure that financial aid funds are awarded to eligible students in an equitable and consistent manner.

2. In order to qualify for federal financial aid funds, applicants must meet the standards established for verification. Family-reported information must be within a reasonable tolerance range in accordance with the current application and Chapter 4 of Federal Financial Aid Handbook that can be accessed at http://www.ifap.ed.gov/

3. Institutional policies, outlining required forms and procedures that are to be used to fulfill verification standards, are made available to applicants for financial aid (See Appendix 22).

4. Verification procedures must be uniformly applied to all federal financial aid programs. The institution will verify all applicants selected by ED or the institution and will require transfer students previously selected for verification to re-verify their information.

**A. Verification/Documentation**

1) For applicants selected through ED, the institution will verify the required items specified in the current FAFSA application and complete the appropriate worksheet based on the verification status of the student.

2) The institution will resolve and document discrepant application information for all applicants.
3) The FAO will enter a verification status code (V,W,S or blank) code in the COD system for students who receive Pell grants, regardless of whether they are selected for verification or not.

B. Applicant’s Responsibility

1) Applicants selected for verification by ED or the institution are required to provide requested information or documentation as per current Federal Student Aid Handbook, Application and Verification Guide in order to be eligible to receive Title IV student aid funds. The Financial Aid Office reserves the right to request additional documentation as they deem necessary to complete the verification process. Any additional documents/information will be identified by the Financial Aid Officer on the Missing Information Request Form, (FM 6848) (See Appendix 6).

2) If applicant’s dependency status has changed during the award year or the original applications were filed incorrectly, applicants must file a corrected form reflecting the changed status, unless the change is from a change in marital status.

3) Selected applicants must certify and/or update the household size and number of family members in postsecondary education to reflect accurate data as of the date of verification.

C. Time Period Limitations

1) Failure to provide documentation or information within 20 business days will result in the following:

   a) The institution may not disburse any federal grants for applicants who fail to provide requested documentation within the time frame.

   b) The institution may accept requested documentation after the specified time period and award aid to such applicants when the verification has been completed.

D. Tolerances

1) For the Federal Pell Grant Program, the institution will not recalculate the Expected Family Contribution (EFC) for applicants. Students will resubmit their SAR/ISIR if applicant information changes as a result of verification or the institution may input the changes electronically with the appropriate documentation signed by the student.

2) For all Pell financial aid applicants, the institution will have students resubmit the SAR/ISIR, if there are any errors. Calculation will be performed by the ED. The institution may input the changes electronically only with the appropriate documentation signed by the student.
E. Notification

1) The institution will inform applicants of verification procedures and requirements through written and/or verbal communication.

2) The institution will notify applicants of the results of the verification through written and/or verbal communication.

3) For the Federal Pell Grant Program, the institution will notify students if a dollar error in their application information would increase their Federal Pell Grant awards. The institution may pay on the student’s original SAR/ISIR and should encourage students to resubmit it. The institution may input the changes electronically with the appropriate documentation signed by the student.

F. Discrepancy Resolution

After the institution has made a reasonable effort to resolve any discrepancies that results in the applicant receiving funds on inaccurate or miscalculated information the institution will notify ED accordingly.

5. Verification Items

The verification items for which students will need to provide documentation in order to fulfill the verification process include:

- Adjusted gross income (AGI)
- Education credits
- Untaxed pension
- Tax-exempt interest
- Income earned from work
- Number in College
- Child Support paid
- Identity/Statement of educational Purpose
- U.S. Income tax paid
- Untaxed IRA distributions
- IRA deductions and payments
- Other untaxed income
- Household size
- Supplemental Nutrition Assistance Program (SNAP)
- High school completion status

The verification process will be considered as complete when a student has successfully submitted all requested verification documentation within the required twenty (20) business day timeline. A meeting will be held with the student and Financial Aid Officer at submission in order to review and confirm that all of the proper and required verification documents have been provided.
Follow-up meetings will be held with the student and the Financial Aid Officer in order to notify students if their EFC or financial aid amounts change, discuss the procedures for correcting FAFSA data, request any additional documentation which may be needed to complete verification, and to review the results of the verification process.

Any student who does not submit to the Financial Aid Officer the necessary and required verification documentation within the established timeline, will result in the forfeiture of their Pell Grant for the award year and the student must return any Pell funds already received for the year.

The Financial Aid Office reserves the right to require students to submit other information and supplemental documentation when deemed necessary in order to complete the verification process.

6. **Fraud Referral**

   *Title 34 Code of Federal Regulations CFR 668.16 (g) Standards of Administrative Capability* require an institution to refer to the Department’s Office of Inspector General (OIG) any credible information indicating that an applicant for Title IV federal student aid may have engaged in fraud or other criminal misconduct in connection with his or her application.

Remember that fraud is the intent to deceive as opposed to a mistake. If you suspect such intent on the part of a student, report it to the OIG by telephoning 1-800-MISUSED.

Additional information on the verification process can be found on *Chapter 4 of the FSA Handbook* that can be access at [http://www.ifap.ed.gov/](http://www.ifap.ed.gov/)

**PACKAGING POLICIES**

Packaging refers to evaluating the financial need of a student and awarding aid in an equitable and consistent manner.

1. Financial need is calculated according to the center’s budget minus family/student contributions. After estimated needs are established, the Financial Aid Officer should look at all available aid resources relative to student’s needs. The Financial Aid Officer will also take into account any aid received from other sources and subtract this from the need.

2. The Financial Aid Office will attempt to meet students’ full needs, depending upon available resources. Aid packages are built in the following sequence until financial needs are met:
FSAG (Florida Student Assistant Grant)
Federal Pell Grant
Federal Supplemental Opportunity Grant (FSEOG)
District Financial Aid Program (DFAP)

Examples of allowable packaging that include discretionary disbursement based upon financial need are:

DFAP
Pell Grant
Pell Grant and FSEOG
Pell Grant, FSEOG, and DFAP
Pell Grant, Homeless Waivers, and FSEOG
Pell Grant, FSEOG

Packaging may also include vouchers from various agencies.

STUDENT PROGRAM CHANGES

Students may change programs within a related field and still be eligible to receive financial aid as long as they maintain all other eligibility requirements. For each program change, students will establish a new timeframe for completion of the new program, taking into consideration the hours completed in the previous program if the hours are applicable to the new program. A change to a different program area will result in funds being returned to Title IV (R2T4). Students are limited to one program change without completing the original program.

FINANCIAL AID COMMITTEE AND RESPONSIBILITY

Committee members are assigned by the principal of each institution. The committee’s responsibility is to make decisions on appeals for those students who fail to maintain satisfactory academic progress.

GRIEVANCE PROCEDURES

A grievance is a situation that occurs in the course of the financial aid operation which causes students to consider themselves aggrieved. The school is responsible for establishing procedures for the filing and resolution of grievances.

A student who believes he/she has been aggrieved may take his/her complaints to the designated school administrator who will investigate the alleged incident. If the administrator agrees that the student has legitimate grievance, appropriate action will be taken. The student will be notified as soon as possible of the disposition either by phone, e-mail or correspondence.
CHAPTER IV

FEDERAL FINANCIAL AID PELL GRANT

FEDERAL PELL GRANT DISBURSEMENT POLICIES AND PROCEDURES

All financial aid applicants are may apply for this grant. This federally-funded grant is available to all eligible students who demonstrate financial need, and who enroll in an eligible certificate program of at least 600 hours or are part of the Experimental Site Initiative. The award amount is determined through the federal formula. The Free Application for Financial Aid (FAFSA) can be accessed at www.fafsa.ed.gov

1. Application Procedures

   - Complete the "Free Application for Federal Student Aid" form (FAFSA) form.
   - Complete M-DCPS "Postsecondary Institution/Area Technical Center Financial Aid Application, (FM-5467) if requested by school (See Appendix 7).
   - Submit an error free ISIR or SAR to the Financial Aid Office.
   - Complete and submit verification documentation as indicated on the SAR or ISIR provided to the school if applicable.
   - Provide additional verification information upon request.

2. In order for students to be eligible and receive financial assistance from federal, state or district financial aid programs, they must:

   - Apply for admission, submit documentation required by the school, and receive notification of admittance to the desired program.
   - Not be receiving Title IV Financial Aid concurrently from another institution.
   - Be enrolled as a regular student in an eligible program.
   - Complete an error-free FAFSA.
   - Have verifiable financial need based upon the Student Aid Report (SAR)/Institutional Student Information Report” (ISIR) in relation to the institution's cost of attendance.

38
• Be one of the following to receive federal student aid:
  - U. S. citizen
  - U. S. national (includes natives of American Samoa or Swains Island)
  - U. S. permanent resident who has an I-151, I-551, or I-551C (Permanent Resident card)
  - Please visit www.studentaid.ed.gov for additional information on eligibility criteria.

• Need to maintain Satisfactory Academic Progress (SAP) in accordance with school policy.

• Not be in default on a Federal Perkins Loan or any loans under the Federal Family of Educational Loan Programs (FFELP) made available through MDCPS or other institutions, or have made satisfactory arrangements to repay a defaulted loan, and must not have borrowed in excess of the 150% subsidized loan limits under any Title IV program.

• Not owe refunds on a Federal Pell Grant, or any other Title IV grant.

• Have a signed statement of registration compliance indicating that they have either registered with the Selective Service or are not required to register.

• Have a signed Statement of Educational Purpose stating that they will use the money only for expenses related to attending school.

• Hold a high school diploma or General Educational Development (GED) diploma. A diploma can be from a foreign school if is officially verified as equivalent to U.S. high school diploma. The high school diploma must be from a State recognized secondary institution (See Appendix 19).

• Not be enrolled in any high school completion program or hold a bachelor’s degree or higher.

• Comply with attendance policies, safety regulations, and the Code of Conduct for Postsecondary Students.

• Comply with federal requirements regarding felony drug conviction policy in accordance with section 421(a) (1) of the Controlled Substances Act.

3. Award amounts are based on the following criteria:

• Students' EFC index, as indicated in the ISIR;

• Actual costs of attendance;
• Number of clock hours enrolled; and

• The total number of clock hours to be completed in the program.

4. Processing Procedures

a. Students receive the Student Aid Report (SAR) from the ED.

b. Students must assist in obtaining the following information for submission to the Financial Aid Office:

• All verification documents reflected on the SAR/ISIR if necessary;

• Completed "Postsecondary Institution/Area Technical Center Financial Aid Application" form (FM-5467) (See Appendix 7),

• Provide additional verification documentation, if needed.

C. The Financial Aid Office will:

• Review students' files and check the VACS System to determine if they are renewal students or have other financial aid information on file. A file must be prepared for new students;

• Obtain student signatures on the input document for the initial FAFSA application or for a correction if either is submitted electronically by the school;

• Assist students in correcting misinformation on the Information Review form, Part II of the ISIR, and will resubmit it if necessary;

• Prepare the Financial Aid Award Letters (FM-5471) (See Appendix 8);

• Cross-reference documents in student files to ensure that required forms are enclosed and the information provided appears reasonable and consistent. If information is incomplete, unreasonable, and/or inconsistent, additional information must be requested from students;

• Verify selected files in accordance with current ED regulations;

• Calculate the award based upon the current year's ED regulations by using the Federal Pell Grant Payment Worksheet (FM-7034) (See Appendix 9); and
• Review students' records to determine eligibility for other types of school based financial aid programs.

5. Disbursement Procedures- Role of Business Office

Disbursements are payments of funds to students. These payments will be made directly to students in the form of a check prepared by the Institution's Business Office. Prior to disbursement, the Automatic Clearing House/ Electronic Funds Transfer (ACH/EFT) Payment Request Record (FM-6826) is completed by the Financial Aid Officer with the required information, including the amount of funds needed (See Appendix 10). The request is submitted electronically using U.S. Department of Education G5 website. ED confirms the request with a control number. Within three working days after the request is made, funds should be available at the institution's bank in the federal funds account.

a. Disbursements will be made two times within an award year.

b. The students will be paid retroactively for any hours completed during a previous payment period (within the same award year) for which students were eligible for payment.

c. Prior to any disbursement, the following must be completed for all students:

• Check and verify that students have maintained satisfactory academic progress. Review the progress report for each student for the required attendance and academic progress;

• Determine award amount for that payment period; and

• The Financial Aid Office will process the award, complete the "Federal Grant Disbursement Authorization" (FM-6854), and transmit it to the Business Office (See Appendix 11). Students will then be notified;

• Before the grants are disbursed, the disbursement form is checked against school records to identify other aid received;

• Valid Florida Photo ID and/or current school photo ID must be shown and verified when picking up and signing for checks; and

• When the overage check becomes void, the Institution will return the remaining funds to the appropriate Title IV account.
FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (FSEOG)

FSEOG is a federally funded grant awarded to students who demonstrate significant financial need. Awards are determined by Financial Aid Officers of participating postsecondary institutions. FSEOG annual awards range from $50 to $1,000. All Federal Pell Grant applicants are considered for this grant based upon eligibility and availability of funds. For additional information access http://www2.ed.gov/programs/fseog

1. Application procedures and eligibility requirements follow those of the Federal Pell Grant.

2. Selection Criteria:
   a. Students must have an accurate SAR or ISIR;
   b. Awards will be made to students with the lowest expected family contributions (EFC);
   c. From the eligible list of recipients, first priority will be granted to full-time students who are enrolled at the time of awarding; and
   d. Maximum FSEOG awards will be determined annually according to the funds available at each center.

3. Processing Procedures - To determine FSEOG awards, the Financial Aid Office will:
   a. Review the SAR/ISIR.
   b. Determine eligibility.
   c. Prepare award letters to be sent to students.
   d. Prepare the “Federal Grant Disbursement Authorization” and forward it to the Business Office.
   e. Review academic progress for continued eligibility at the end of the payment period.

4. Disbursement Procedures

   Disbursement Procedures for FSEOG will be the same as the Federal Pell Grant.
BUSINESS AND ADMINISTRATIVE OFFICE PROCEDURES

The primary role of the Business Office in regard to federal or other financial aid is the disbursement of funds as authorized by the Financial Aid Office.*

*For the purpose of this document, Business Office refers to the following personnel: Business Manager, Treasurer or Cashier. Individual functions of these persons will be determined at the discretion of the principal or his/her designee.

PROGRAM ASSESSMENT “SYSTEM OF CHECKS AND BALANCES”

The institution must ensure that the Financial Aid Office is adequately staffed with qualified personnel to carry out the functions outlined in this handbook. The institution must also ensure that their administrative procedures for its financial aid program include an adequate system of internal checks and balances.

This system separates the functions of authorizing payments and disbursing or delivering funds so that no one person or office exercises both functions for any student receiving Federal Student Aid funds. Small schools are not exempt from this requirement, even though they may have limited staff. Individuals working in either authorization or disbursement may perform other functions as well but not both authorization and disbursement.

DEPARTMENTAL AUDITS AND PROGRAM REVIEWS

Audits and program reviews are conducted to measure the efficiency and effectiveness of the operation of the financial aid program and to determine compliance with federal and state regulations in addition to the District's Manual of Internal Funds Accounting. Please refer to Chapter 2, Program Integrity of the FSA Blue Book that can be accessed at http://www.ed.gov

1. Non-Federal Audits

a. Federal regulations require the school to audit, or have audited under its direction, all Federal Pell Grant, FSEOG, FWSP, and DFAP transactions to determine the fiscal integrity of financial transactions and reports and to assure that such transactions are in compliance with applicable laws and regulations.

b. Annual audits will be performed in accordance with the appropriate ED Audit Guide. For newly established financial aid programs, the M-DCPS, Office of the Controller should be provided information required for the Single Audit Report from the postsecondary educational center. Audit reports are submitted to the Regional Office of the Inspector General.

2. Federal Program Reviews – The U.S. Department of Education periodically conducts reviews of federal student financial assistance programs. During a program review, activities related to student financial aid programs are examined for compliance with federal, state, and institutional policies, procedures, and regulations as well as for compliance with acceptable fiscal management practices.
GRANT DISBURSEMENT

The Financial Aid Office forwards the Federal Grant Disbursement Authorization to the Business Office. This document provides the names of students, social security numbers, student ID #s, and the dollar amounts that each student is entitled to receive for that disbursement period.

The Business Office must review the disbursement authorization to determine total funds needed. The available cash on hand is subtracted from the total funds needed for the current disbursement to determine the additional funds that will be requested.

Postsecondary educational institutions that participate in the FSEOG program must determine the matching portion for this grant in accordance with federal guidelines.

The Automatic Clearing House/Electronic Funds Transfer (ACH/EFT) Payment Request Record (FM-6826) (See Appendix 10) is completed by the Financial Aid Officer, who requests the amount of funds needed. The request is submitted electronically using U.S. Department of Education's G5 website. ED confirms the request with a control number. Within three working days after the request is made, funds should be available in the federal funds account at the institution's bank. Refer to Chapters 1 & 2 of the Federal Student Aid Blue Book for additional information and overview on cash management regulations and the G5 system. The Blue Book can found at http://www.ifap.ed.gov/.

Prior to disbursement, the availability of funds must be verified with the bank. The Business Office then verifies enrollment of the students through VACS and prints schedule screen.

The Business Office then completes the Federal Grant Disbursement Authorization Form (FM-6854) (See Appendix 11) in the following areas:

1. Tuition and fees assessed through VACS
2. Books
3. Supplies
4. Other items
5. Remaining amount to be issued to students.
6. Records check numbers after writing checks.
   (The Financial Aid Office notifies students when checks are available for pick-up)
7. Collects signatures of students and records the date of checks issued upon presentation of a valid Florida photo ID from students.
Following check disbursement, a copy of the completed Federal Grant Disbursement Authorization is returned to the Financial Aid Office. The Business Office advises the Financial Aid Office will inform the Financial Aid Office of any checks that were not picked up by students. Attempts to contact students who do not pick up grant checks must be documented.

**FISCAL REPORT RESPONSIBILITY**

1. Complete a monthly Bank Reconciliation (FM-5208) (See Appendix 12) of the Federal Funds Account. Submit the reconciliation, along with monthly financial reports for Internal Fund to the district office in accordance with district requirements.

2. Submit a fiscal end-of-year summary of transactions for the Federal Funds Account along with the end-of-year Monthly Financial Report, Financial Aid Accounts (FM-6926) (See Appendix 13) and Bank Reconciliation (FM-5208) to the District Office.

3. Verify the FISAP application financial data needed by the financial aid office.

**FINANCIAL AID DISBURSEMENT RECORDS**

The Business Office maintains the following records for each student receiving Federal Financial Aid:

1. Original check requisitions and copies of the Federal Grant Disbursement Authorizations are filed numerically by check requisition.

2. Copies of the check requisitions and copies of the Federal Grant Disbursement Authorizations with Book Authorizations (FM-4013) (See Appendix 14), Tuition Deferments (FM-5419) (See Appendix 15) and Books and Supplies Deferment FM 6809 (See Appendix 16), class schedules, tuition payment. (i.e.; cash agency charge) miscellaneous charges, Withholding Authorization Form (FM-5423) (See Appendix 17) and any other supporting documentation for authorized charges filed alphabetically by student.

**ADMINISTRATIVE OFFICE RESPONSIBILITY**

The school principals or designees are responsible for signing financial aid checks and reviewing, approving, and submitting financial aid documents to ED and district offices in a timely manner.

Prior to signing financial aid checks, principals or designees must:

1. Confirm the availability of the financial aid funds in the federal bank account as indicated on The School’s G5 Payment Request Authorization.

2. Compare the Federal Grant Disbursement Authorization figures with the dollar check amount for recipients of financial aid.
The following reports should also be reviewed by the principal or designees:

1. Monthly reports:
   b. Monthly Financial Report, Financial Aid Accounts (FM-6926) which provides a summary of monthly expenditures and receipts in the federal bank account that must agree with the ending figures on the Bank Reconciliation (FM-5208).

2. Annual reports:
   a. Review the Summary of Transactions to assure there is a match with total disbursements and receipts on the federal ledger cards.
   b. Review FISAP expenditures to assure there is a match with total disbursements on the ledger cards and that interest earned in excess of $250 is returned to ED at the end of the school year.

**Destination Point Administrator**

The Business Manager or designee must have review access as a Destination Point Administrators to verify the funds that are being drawn down for the school. The school's Primary Point Destination Administrator must provide access to G5.

**Reconciliation of Financial Records**

The Business Office must work closely with the Financial Aid Office to conduct mandatory reconciliation of federal aid funds by award years which is a fiduciary responsibility for Title IV eligible schools. Reconciliation is a process in which financial records are compared and discrepancies are resolved.

Funding cancellation occurs 5 years after the end of the award year. (Pell 2013-2014 funding will cancel effective September 30, 2019 (5 year cycle)). Schools must fully reconcile to $0 balance. No further disbursement or adjustment data reported to COD and no funds are available from G5 for the award year. Most schools should be able to reconcile and complete processing well before closeout deadlines.

The reconciliation process should be conducted monthly. Refer to Chapter 5 of the Federal Student Aid Handbook or Chapter 8 of Federal Student Aid Blue Book for additional information. The Handbooks can be accessed at http://www.ifap.ed.gov/

Non-Discrimination Policy

The School Board of Miami-Dade County, Florida adheres to a policy of nondiscrimination in employment and educational programs/activities and strives affirmatively to provide equal opportunity for all as required by:

**Title VI of the Civil Rights Act of 1964** - prohibits discrimination on the basis of race, color, religion, or national origin.

**Title VII of the Civil Rights Act of 1964 as amended** - prohibits discrimination in employment on the basis of race, color, religion, gender, or national origin.

**Title IX of the Education Amendments of 1972** - prohibits discrimination on the basis of gender.

**Age Discrimination in Employment Act of 1967 (ADEA) as amended** - prohibits discrimination on the basis of age with respect to individuals who are at least 40.

**The Equal Pay Act of 1963 as amended** - prohibits gender discrimination in payment of wages to women and men performing substantially equal work in the same establishment.

**Section 504 of the Rehabilitation Act of 1973** - prohibits discrimination against the disabled.

**Americans with Disabilities Act of 1990 (ADA)** - prohibits discrimination against individuals with disabilities in employment, public service, public accommodations and telecommunications.

**The Family and Medical Leave Act of 1993 (FMLA)** - requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to "eligible" employees for certain family and medical reasons.

**Florida Educational Equity Act (FEEA)** - prohibits discrimination on the basis of race, gender, national origin, marital status, or handicap against a student or employee.
Florida Civil Rights Act of 1992 - secures for all individuals within the state freedom from discrimination because of race, color, religion, sex, national origin, age, handicap, or marital status.

Title II of the Genetic Information Nondiscrimination Act of 2008 (GINA) - Prohibits discrimination against employees or applicants because of genetic information.

Veterans are provided re-employment rights in accordance with P.L. 93-508 (Federal Law) and Section 295.07 (Florida Statutes), which stipulate categorical preferences for employment.

In Addition:

School Board Policies 1362, 3362, 4362, and 5517 - Prohibit harassment and/or discrimination against students, employees, or applicants on the basis of sex, race, color, ethnic or national origin, religion, marital status, disability, genetic information, age, political beliefs, sexual orientation, gender, gender identification, social and family background, linguistic preference, pregnancy, and any other legally prohibited basis. Retaliation for engaging in a protected activity is also prohibited.

Registration Information You are Required to Know

✓ In order to determine aid eligibility all required documentation must be submitted to the Financial Aid Office in a timely manner.

✓ All necessary/required documents must be received before any/all tuition deferments are issued.

✓ Satisfactory Academic Progress (SAP) must be maintained at the point of review, which is at the completion of the 1st payment period in the financial aid academic year, in order to be eligible to receive financial aid for the subsequent payment period.

✓ As a student you have received the financial aid packet at the time of applying for financial aid and know that you are accountable to be familiar with the information. The SAP policy is detailed for both the qualitative and quantitative measurements and you must be aware that this is a key component in which financial aid eligibility is determined.

✓ Should you fail SAP during the payment period being reviewed, due to mitigating circumstances, you are entitled to one (1) successful appeal during your vocational training.

✓ Your Pell Grant Award is based on YOUR clock hours completed. All hours previously paid must be completed before your next payment period begins.

✓ It is the responsibility of all South Florida Workforce and Vocational Rehabilitation clients to notify their respective agency of any/all grant money received.

✓ All tuition and fees owed to this post-secondary institution shall be satisfied prior to any financial aid award checks being issued to the student.

✓ Students will be notified when all financial aid award checks are available and must present valid Florida ID when picking up & signing for checks.

✓ Awards are issued at least once per payment period.

✓ You must notify the Financial Aid Office, if you are withdrawing from a program or making any changes to your schedule.

✓ Post withdrawal Disbursements and Return of Title IV funds will be calculated at the time that withdrawal has been determined. The return of federal funds or tuition not satisfied by the post withdrawal award will become the responsibility of the student. Arrangements must be made to satisfy any balance.

I have read and I understand all the above information outlining my responsibilities for receiving financial aid.

FOR OFFICE USE ONLY

Eligibility for the District Financial Aid Program (DFAP) will be determined by the Free Application for Federal Student Aid (FAFSA) with an Expected Family Contribution (EFC) of <7001.

FEE WAIVER - A DFAP eligible student is automatically eligible for a FEE WAIVER. Any of the following can be used for fee waiver eligibility.

1. A signed tax return
2. W-2 forms
3. Notarized statement of income from the student
4. Supplemental Nutrition Assistance Program (SNAP) food stamp authorization
5. Evidence of Unemployment compensation
6. Consistent attendance and Satisfactory Academic Progress (SAP) in any program of study for one full trimester as determined by school administration
7. An existing M-DCPS employee enrolling in an approved District sponsored program (Fee Waivers Only).

Financial Aid Officer  Date

I have received information regarding the satisfactory progress requirements for financial aid.

☐ I accept this award offer.

☐ I decline this award offer.

____________________  ______________
Student Signature  Date

FM-5471 Rev. (01-15)
FINANCIAL AID STANDARDS OF ACADEMIC PROGRESS

M-DCPS Technical Colleges, in conjunction with federal regulations, have established the following Standards of Satisfactory Academic satisfactory Progress which must be met to receive financial assistance.

A. To make satisfactory academic progress a student must:

1. Receive a satisfactory Progress Report of a minimum grade C at the evaluation period (qualitative measurements).
2. Complete 67% of the maximum scheduled hours for which the student was enrolled. Adjustments to this requirement may be applicable for students with verified disabilities (quantitative measurements).
3. Satisfactory progress will be evaluated at the end of the first payment period and prior to subsequent payment periods if applicable.

B. If students fail to make satisfactory progress at the evaluation point, they will not be eligible for the payment period following their "Unsatisfactory" Academic Progress Report. Students are then financially obligated for expenses incurred until eligibility is reestablished. If students make satisfactory progress during the next evaluation, financial aid will be reestablished.

C. Time Frame

Program = 900 Hours, Maximum
Time Frame = 900 Hours x 1.25 = 1,125 Hours
SAP = 67% of Maximum Scheduled Hours

Students who exceed the maximum hours of eligibility will be considered as not making satisfactory progress and will no longer be eligible for financial aid for that program.

D. Appeals of Satisfactory Progress

If students are notified of cancellation of their financial aid award, they have the opportunity to appeal such action. The appeal should be in writing and should include the following documents:

1. Letter from student describing mitigating circumstances.
2. Physician's note and/or records if the appeals are based on medical reasons.
3. Any additional supporting documents.

The decision of the committee is final. Students will receive written notification of decisions. Reinstatement of financial aid after appeals are denied can be achieved if students attend a trimester without financial assistance and maintain satisfactory progress for that payment period. Students may be granted only one appeal for the length of their program.

PAYMENTS

Awards will be disbursed in two multiple disbursements during a payment period representing a % of the possible hours and weeks in that academic year. Subsequent payments are contingent upon the maintenance of satisfactory academic progress by the students. Furthermore, if students do not complete the hours and weeks paid for during the first payment period, their subsequent payments will commence upon completion of previous hours and weeks. Checks will be held for 20 days after the last day of the student's enrollment for the award year. Any checks not picked up by that date may be voided.

Unless a specific policy has been amended and the date the policy was revised is noted at the bottom of that policy, the Bylaws and Policies of the Miami-Dade County Public Schools were adopted on May 11, 2011 and were in effect beginning July 1, 2011.

2450 - ADULT, POST-SECONDARY CAREER TECHNICAL AND COMMUNITY EDUCATION

A basic and high school continuation program shall be provided as an opportunity for anyone over compulsory school age who is not attending high school in this District. Program procedures are contained in the Adult and Career Technical Education Procedures Handbook.

GED Eligibility

A person who is not at least eighteen (18) years of age may be permitted to take the General Educational Development (GED) tests upon submission of a statement of justification recommended by the Superintendent. The statement of justification shall be based on at least one of the following circumstances:

A. The candidate justifies a need to be employed that would prevent school attendance.

B. The candidate is a parent who does not have access to child care.

C. The candidate justifies health condition(s) that would prevent school attendance.

D. The candidate desires to enter a vocational program, a college or university or military service.

Postsecondary Programs and Fees

A fee schedule shall be established for students enrolled in adult basic, adult secondary, career technical certificate education, or other adult programs, who are reported for funding through the Workforce Development Education Fund. The Florida legislature annually establishes fees for the adult and career technical education program in accordance with the General Appropriations Act. In addition, provisions are made in this policy for financial aid and fee/tuition waivers, disposition of funds collected, community-based organizations, self-supporting classes, private sector instruction, special textbook or supply items, and capital improvements, technology enhancements or equipping buildings.

Adult and vocational education services are provided to adults in the following areas:

A. Adult General Education (Adult Secondary and Adult Basic Education)

1. Students who demonstrate functional literacy skills at/or below the eighth grade level and are studying to achieve literacy.
   Tuition is charged to this category of students.

2. Students earning credit required for a high school diploma and/or preparing for the Test of General Educational Development (GED).
Tuition is charged to this category of students.

3. Students who have a high school diploma and demonstrate functional literacy skills at or above the ninth grade level require specific improvement of academic or learning skills before pursuing post-secondary education goals to obtain or maintain employment, or to benefit from postsecondary adult vocational education programs.

   Students in this category pay fees as established by the General Appropriations Act. Additionally, the School Board may charge any additional fees authorized by Florida law or State Board of Education Administrative rule.

4. No fees are charged to students who are fee exempt based on State law.

   Students not counted for funding purposes will be assessed fees equal to, but not exceeding, the cost of providing such programs.

B. Career Technical Education

   1. Students enrolled as postsecondary adult vocational certificate pay fees as established by the General Appropriations Act. Additionally, the Board may charge any additional fees authorized by Florida statute or State Board of Education Administrative rule.

   2. Students taking adult postsecondary vocational courses for personal or hobby use will pay fees equal to, but not exceeding, the cost of providing such programs.

   3. No fees are charged to students who are fee exempt based on State law.

Career Technical Education services provided to students classified as non-resident for tuition purposes as defined in State statute pay fees accordingly.

Financial Aid and Fee/Tuition Waivers

A. Financial Aid

   A fee may be assessed to postsecondary adult vocational and adult secondary students to pay in full or in part, the fees of eligible postsecondary adult vocational certificate and adult secondary students with demonstrated financial need. Each center will maintain documentation as required by State Board of Education Administrative Rule.

   Students in COE accredited centers when eligible may utilize financial aid from Federal or State assistance programs. Financial aid information is available through the area technical center counseling offices.

B. Fee/Tuition Waivers

   Fee/Tuition waivers may be granted by the principal or designee when necessary to assure an education opportunity for students who have financial needs which cannot be met by existing sources of student financial aid and as authorized by law or rules of the State Board of Education.

   No fee waivers are allowed for students taking adult vocational classes for strictly personal or hobby use and students identified above.

   School Operations will allocate such fee waivers as may be available based upon need and requests of the various adult and area technical centers. Allocations will be made for each fiscal year and when depleted no additional waivers will be granted unless additional funds become available. Annual allocations may not exceed the maximum established annually in the General Appropriations Act.

   Each center receiving a fee waiver allocation shall maintain complete documentation as required for each waiver issued.
C. Scholarships

The Board may establish scholarship funds using donations to help students who need financial assistance to pay fees, who are enrolled in adult secondary, adult life-long learning, and postsecondary adult vocational education programs.

D. Deferred Fees/Installment Payments

1. Deferred Fees

Fees for students qualifying for and receiving grants, loans, or scholarships or for whom fees are being paid on their behalf by an employer, association, or governmental agency may be deferred. Students for whom or from whom deferred fees have not been collected by the end of the trimester in which they registered will not be allowed to register for subsequent courses until all financial obligations have been met.

2. Installment Payments

Students in need of installment payments may pay fees for regular courses through an installment payment schedule if they register before the beginning of the course, before the trimester or within twenty-one (21) calendar days of the beginning of the term.

At least 1/3 of the fee must be paid at the time of registration. All fees must be paid no later than the end of the sixth week in the trimester. Fees must be paid in one lump sum when students register on or after twenty-two (22) calendar days after the course or trimester has begun.

Disposition of Fees Collected

A. All tuition collected will be forwarded to Treasury Management.

B. All other monies collected at adult education centers shall be properly receipted and deposited directly into the center's internal funds.

Community Based Non-Profit Organizations (CBOs), Public Agencies, and Private Businesses

The District may enter into affiliating agreements with community-based non-profit organizations (CBOs), public agencies, and private businesses that may wish to provide unique classroom or laboratory instruction that will significantly enhance the employment opportunities of students enrolled in these programs.

Private Sector Instruction

Private businesses/agencies may request adult vocational or basic education classes that qualify for Workforce Development Education Funds but do not have sufficient enrollment to support the class/program. The District may cooperate with these businesses/agencies through an agreement approved by the Superintendent where the business/agency will pay the difference between projected workforce Development Education Funds earned and the actual program cost. All other fees applicable in this policy shall be contracted prior to the operation of such a class/program.

Self-Supporting Classes

Students enrolling in non-reimbursed classes will pay a fee to cover the cost of instruction. The amount will be variable depending on the expense for offering the course. In all instances, the salaries, fringe benefits, and supplies furnished will be included in the costs.
The Superintendent shall develop and implement administrative procedures to make schools available to citizens of the District for these purposes and to implement this policy.

F.S. 1003.435, 1004.93, 1004.94

Revised 8/6/14

© Miami-Dade 2014
DEFINITION OF HIGH SCHOOL DIPLOMA
FOR FEDERAL FINANCIAL AID PURPOSES

For federal financial aid purposes, Miami-Dade County Public Schools defines a high school diploma as an official document issued upon satisfactory completion of a high school program. Students seeking approval for financial aid must provide:

- A diploma awarded with an original seal from an accredited public or private school or agency that is registered with the State of Florida or approved by another state or national agency. Students must also provide the full address of the school including the county. See the links below as examples of how to verify approved schools.
  
  http://www.floridaschoolchoice.org/Information/PrivateSchoolDirectory/

  http://www.floridaschoolchoice.org/Information/Charter_Schools/Directory/

  http://nces.ed.gov/

- An official high school transcript with an official seal from the school indicating that graduation requirements have been met and the date of graduation.

- If the student has a foreign/international diploma, please refer him/her to the Federal and State Compliance Office (formerly Attendance Services) for verification.

- Florida public high school requirements are specified in Section 1003.428, Florida Statutes.

- Access the following website for additional information on State of Florida graduation requirements: http://www.fldoe.org
Financial Aid Student Folder Checklist Menu

The following are recommended forms and documents that may be included in a students’ file folder depending upon the financial assistance being provided by the school. Financial Aid Officers can use this menu to develop a checklist of required documents to support the eligibility criteria and need of financial assistance for their students (See Appendix 21). These are not all inclusive and schools should only include items specific to their programs and services. Please be advised that student records are confidential and all M-DCPS personnel must adhere to federal, state and district policies and procedures governing this matter.

**Note:** The above programs are those listed on the Program Participating Agreements (PPAs) submitted by Title IV schools that are eligible to receive Federal Pell grants. They included some of the longer clock hour programs established by the Florida Department of Education to obtain a certificate of completion. Some programs contain core courses that do not need to be repeated if they are part of the required performance standards for a subsequent program. For additional information on program hours and curriculum competencies, please visit the Florida Department of Education at [http://flpdoe.org/workforce/dwdframe/](http://flpdoe.org/workforce/dwdframe/).

Short term programs approved by the Federal Department of Education as part of the Experimental Site Initiative are only offered at participating schools.
